Testimonials

“After 25 years in the industry of working with challenging boards and underperforming contractors, it was refreshing to work with a company like Varsity Painting who approached each component of the project with professionalism and abundant communication. They made one of my hard-to-please boards a Varsity believer.”

Sharon Massingham
Founder of Massingham and Associates

“We’ve worked with Varsity Painting’s group many times over the past decade and they’ve proven again and again to be amongst the very best in the business. Their team is capable, friendly, knowledgeable, courteous and, perhaps most importantly, very good at what they do. Their management team is focused, responsive and eager to please. With large paint jobs, regardless of contractor selection, there is inevitably some kind of problem – after all, in a condo community with 200 owners there are 200 different ideas of what a “good job” is. With Varsity, if any issue does arise, one call will fix the problem. This is absolutely invaluable – and is the proverbial cherry on top differentiating Varsity from the rest. Do yourself and your community a big favor and consider working with Varsity on your next paint project!”

Jason Marquez
CJM Association Services, Inc.

“After a nervous call to Varsity about a large and complicated job, I quickly felt at ease speaking with Roland Thoms, the owner. Varsity had my back and came through exceeding expectations. The workmanship was impressive, the coordination was seamless and the pricing was right! I highly recommend Varsity for any commercial building job. Varsity will always be my first painting go-to.”

Tancia Jackson
General Manager, TMG Partners

"I have worked with Varsity Painting for over 10 years. It has always been a very smooth and easy process. Roland and his team are amazing. From completely understanding the scope of work, to suggestions on paint colors and schemes, to scheduling and project follow up and completion. It is a very easy process. I have worked with Varsity Painting on both residential and commercial projects. I have been very satisfied with the finished products for both. Varsity Painting is a great partner and I look forward to our continued relationship."

Manny Moreno
President, PJMB Commercial

"I've been working with Brian, Mandi and the Varsity Painting team for over 15 years. They are one of the SF Bay Area's premiere painting firms and I would recommend them for any painting job, no matter how small or big. I've used their services for a variety of jobs, from a few hundred dollars to over \$100,000. They have always been professional, responsive to our needs, return for callbacks or warranty work without hesitation. The crew is polite, professional, in uniform, on time, clean and we've never had any issues or problems with their work. I highly recommend Varsity Painting for any interior or exterior painting work."

Steven McDonald
VP of HIP Housing Affordable Ventures, Inc.

"Just a note that THIS is why I always and only want to use Varsity. Every project inevitably has some crazy silly problem that could have been escalated to extremely negative result(s). Over the years Brian, and the entire Varsity crew, have always resolved every issue to the ultimate and joyful satisfaction for the homeowners, Board, and (let's face it it's all about me!) the manager. Brian's immediate response filled with concern, and not defensive posturing, will not be forgotten for a long, long time."

CMCA, Senior Portfolio Manager

At Varsity Painting, we will guide you through the color selection process to achieve color certainty.

1 Meet our color consultant

Here we will discuss: color preferences, color placement and architectural features and highlights.

2 Digital Renderings

A building in your community will be digitally painted with 3 -5 different color schemes.

3 Fine tune your color selection

Discuss with the color consultant what you like and don't like until you narrow it down to 1 or 2 schemes.

4 Color Patches

Varsity will do large test patches showcasing the chosen colors as they are painted directly on a building in your community.

5 Pick your colors and away we go

“Varsity is at the top of my bid list...”
